DETAILED ACTION

Reasons for Allowance

1. The following is an Examiner's statement of reasons for allowance: the closest prior art of record (Wang et al U.S. Pat. No. 6,598,036 and Hardy et al U.S. Pat. No. 4,648,044) does not teach nor suggest in detail generating a function by the server in combination with all the elements of the independent claim according to Applicants specification on page 7, lines 16-20 and Pre-Appeal Request on page 4, lines 11-22 receiving a rule and generate the following PL/SQL function based on the rule:

```
function automobile_color (parameter_value
<DATATYPE>) return NUMBER as
begin
    if parameter_value like '%red%' then
return 100;
end;
```

So as indicated by the above statements, Applicants arguments have been considered persuasive, in light of the claim limitations as well as enabling portions of the specification.

2. The dependent claims further limit the independent claims and are considered allowable on the same basis as the independent claim as well as for the further limitations set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.

Art Unit: 2157

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-19 are allowed.
